

February 15, 2019

We are quickly approaching the official opening of PSA 2019. Our primary focus continues to provide all our participants with a summer that provides Common Core Standards in Reading and Math, educational/ fun field trips and several other life changing experiences.

As you know, with all these opportunities financial commitments must be met. The actual cost per child is \$110 per week. However, great measures have been taken to reduce this cost to our families.

- ***PSA 2019 students will only pay \$40 per week.***
- ***The total cost for the summer is \$240.00 Per child, not including Registration of \$30 and associated field trips.***

On---line registration will be available April 1, 2019. Please be reminded that students will be selected on a first come first serve basis. Be sure to check our website for program updates and the PSA enrollment application;
