I believe I can get better at things by working hard 96%
I believe I can learn from my mistakes 98%
I don’t give up if I’m having a hard time solving a problem 89%
i try to understand people around me 87%
I like to learn new things about myself 100%
I am a good listener 89%
If i get stuck on something, I try and learn it a different way 88%

BellXcel

TVG partnered with BellXcel Summer, a nationally recognized, evidence-based, holistic learning experience blending academics with enrichment, social and emotional skill development, and community engagement. Participating students were surveyed with the following results...
Plantersville Enrichment Academy

PEA serves students K-5 with certified teachers and other support staff to provide students with tutoring, homework assistance, recreation, character education, STEAM (Science, Technology, Engineering, Arts, and Math), Mentoring, Entrepreneurship experiences, and nutritious snacks after-school.

South Carolina's Lieutenant Governor, Pamela S. Evette visited Plantersville Summer Academy students during Aerospace Week this past year. Lt. Governor Evette, along with other local government officials learned about the multitude of programs provided and more specifically the firsthand exposure to the aviation industry for middle and high school students.
Media Club

Our Village Media Club is a new enrichment opportunity for Plantersville students led by local filmmaker, Marsh Deane of MLNL Media. Students attend regular enrichment field trips to put their new photography and media skills to use. These courses intend to combine photography, videography, editing, writing, narrative, social media usage/considerations, and communication skills in a way to prepare students towards positive media usage in both personal and professional applications.

Village Flyers Bike Club

The Village Flyers is a bike club for students in the Plantersville Community that promotes overall healthy habits. Join the Village Flyers for the Tour de Plantersville this year as we get outside and enjoy the benefits of physical exercise, fresh air, and nature on a scenic bike ride on October 28th.
The Plantersville Cultural Center is expanding into the Plantersville Cultural Complex. The Village Group recently purchased 10 acres of land to build a farm, kitchen, nature trails, and biking paths while also highlighting and preserving the cultural history of the area with a new exhibit space. The Village Group will continue fundraising efforts to support programming at PCC through a campaign called “Dirt to Dinner.” Through the project, students will learn the jobs needed to sustain a community, from tilling the dirt to setting the table. Donations can be made via www.thevillagegroup.org.
