

**Job Title: Math Interventionist – Summer Program**

**Location: Plantersville, SC**

**Duration: 6 Weeks (June 2 - July 11, 2025)/ 4 Days per week**

**Compensation: \$25-\$30/hr + \$500 bonus upon completion of program**

**Overview:** Seeking a dedicated Math Interventionist to support a 6-week summer program aimed at enhancing math skills for K–8 students. The interventionist will provide targeted instruction and work with students individually and in small groups to improve mathematical understanding and proficiency.

**Responsibilities:**

- Develop and implement math intervention plans for K–8 students.
- Monitor student progress, provide targeted instruction, and adjust plans as needed.
- Maintain accurate records of student progress and intervention outcomes.
- Communicate with director, teachers, and parents regarding student progress in math.
- Foster a supportive, engaging learning environment that encourages math skill development.
- Analyze data to assess intervention effectiveness and recommend adjustments.

**Qualifications:**

- Bachelor's degree in Education, Mathematics, or related field; SC teaching certification preferred.
- Experience working with K–8 students in math instruction or intervention.
- Strong knowledge of math intervention strategies and resources.
- Proficiency in data analysis (Excel, Google Sheets).
- Excellent communication and interpersonal skills.

**Application Process:** Submit resume, cover letter, and references to [director@thevillagegroup.org](mailto:director@thevillagegroup.org). Applications reviewed until the position is filled.
