

Job Title: STEAM Lead – Summer Program

Location: Plantersville, SC

Duration: 6 Weeks (June 2 - July 11, 2025)/ 4 Days per week

Compensation: \$25-\$30/hr + \$500 bonus upon completion of program

Overview: Seeking an innovative and creative STEAM Lead to facilitate a 6-week summer program designed to engage K–9 students in science, technology, engineering, arts, and mathematics. The STEAM Lead will implement hands-on projects, integrating interactive learning tools and promoting critical thinking skills.

Responsibilities:

- Develop and lead STEAM-based lessons and activities for K–8 students.
- Integrate educational technology tools to enhance STEAM learning.
- Monitor student progress, provide guidance, and adjust plans as needed.
- Maintain accurate records of student performance and program outcomes.
- Communicate with director, teachers, and parents regarding student progress in STEAM subjects.
- Foster a dynamic and inclusive learning environment that encourages curiosity and creativity.
- Analyze data to assess program effectiveness and recommend adjustments.

Qualifications:

- Bachelor's degree in Education, Science, Technology, Engineering, Arts, or related field; SC teaching certification preferred.
- Experience working with K–9 students in a STEAM-focused setting.
- Strong knowledge of STEAM curricula and project-based learning strategies.
- Proficiency in data analysis (Excel, Google Sheets).
- Excellent communication and organizational skills.

Application Process: Submit resume, cover letter, and references to director@thevillagegroup.org. Applications reviewed until the position is filled.
